CITIGROUP INC., a Delaware corporation (the "Company", which term includes any successor Person under the Indenture), for value received, hereby promises to pay to CDS & Co., or registered assigns, the principal sum of C\$* on April 29, 2028 (the "Maturity Date") and to pay interest thereon from and including April 29, 2024 or from the most recent Interest Payment

Date to which interest has been paid or duly provided for. The Company shall pay interest (i) from April 29, 2024 to, but excluding, April 29, 2027 (the "Fixed Rate Period") at a fixed rate of 5.070% per annum semi-annually, on April 29th and October 29th of each year (each such date, a "Fixed Rate Period Interest Payment Date"), commencing October 29, 2024 and (ii) from, and including, April 29, 2027 to, but excluding, the Maturity Date or earlier redemption date (the "Floating Rate Period"), at an annual rate equal to Daily Compounded CORRA (as defined on the reverse hereof) determined for the Observation Period (as defined on the reverse hereof) plus 0.990%, subject to a minimum interest rate of 0.000% per annum, quarterly on the 29th day of each January, April, July and October (each, a "Floating Rate Period Interest Payment Date" and together with any Fixed Rate Period Interest Payment Date, an "Interest Payment Date"), commencing July 29, 2027, until the principal hereof is paid or made available for payment and provided that the Interest Payment Date with respect to the final interest period will be a redemption date or the Maturity Date. The interest so payable, and punctually paid or duly provided for, on any Interest Payment Date will, as provided in the Indenture, be paid to the Person in whose name this Note is registered at the close of business on the Record Date for such interest, which shall be the Business Day immediately preceding such Interest Payment Date. Any such interest not so punctually paid or duly provided for will forthwith cease to be payable to the holder on such Record Date and may either be paid to the Person in whose name this Note is registered at the close of business on a subsequent Record Date, such subsequent Record Date to be not less than ten days prior to the date of payment of such defaulted interest, notice whereof shall be given to holders of Notes of this series not less than ten days prior to such subsequent Record Date, or be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Notes of this series may be listed, and upon such notice as may be required by such exchange, all as more fully provided in the Indenture.

During the Fixed Rate Period, interest hereon will be calculated using the Actual/Actual (Canadian Compound Method) day count convention, which means on the basis of a 360 day year comprised of twelve 30 day months for a full semi-annual interest period or, in the case of a period shorter than a full semi-annual interest period, the actual number of days elapsed and a year of 365 days, and an interest period shall be the period from and including an Interest Payment Date (or April 29, 2024 in the case of the first interest period) to and including the day immediately preceding the next Interest Payment Date. During the Fixed Rate Period, if an Interest Payment Date falls on a day that is not a Business Day, such Interest Payment Date will be the next succeeding Business Day, and no further interest will accrue in respect of such postponement.

During the Floating Rate Period, interest hereon will be calculated on the basis of the actual number of days elapsed in an interest period and a 365-day year, and an interest period shall be the period from and including an Interest Payment Date (or April 29, 2027 in the case of the first interest period during the Floating Rate Period) to, but excluding, the next succeeding Interest Payment Date. During the Floating Rate Period, in the event that any Interest Payment Date is not a Business Day, then such date will be postponed to the next succeeding Business Day, unless that day falls in the next calendar month, in which case the interest payment date will be the immediately preceding Business Day. If a date for payment of interest or principal on the Note falls on a day that is not a Business Day in the place of payment, such payment will be made on the next succeeding Business Day in such place of payment as if made on the date the payment was due. No interest will accrue on any amounts payable for the period from and after the due date for payment of such principal or interest. For these purposes, "Business Day" means any day on which commercial banks settle payments and are open for general business (including dealings in foreign currency deposits and foreign exchange) in Toronto and The City of New York.

Dollar amounts resulting from such calculations will be rounded to the nearest cent, with one-half cent being rounded upward.

Payment of the principal of and interest on this Note will be made at the office or agency of the paying agent maintained for that purpose in London in Canadian dollars.

Reference is hereby made to the further provisions of this Note set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee or by an authenticating agent on behalf of the Trustee by manual signature, this Note shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

This Note is one of the series designated on the face hereof, initially limited in aggregate principal to C\$1,000,000,000.

During the Floating Rate Period, this Note will bear interest for each interest period at a rate determined by Citibank, N.A., London Branch, acting as Calculation Agent. The interest rate on this Note for a particular interest period during the Floating Rate Period will be a per annum rate equal to Daily Compounded CORRA (as defined below) plus 0.990%, calculated over the period from, and including, the date that is two Bank of Canada Business Days preceding the first date in such interest period to, but excluding, the date that is two Bank of Canada Business Days preceding the Interest Payment Date or, in the case of the final Interest Payment Date, the Maturity Date, or, if applicable, preceding the date of redemption of any notes (each such period, an "Observation Period"), subject to a minimum interest rate of 0.000% per annum. The Calculation Agent will determine Daily Compounded CORRA on each Interest Determination Date during the Floating Rate Period. During the Floating Rate Period, an Interest Determination Date is the date that is two Bank of Canada Business Days preceding each Interest Payment Date, or, in the case of the final interest period, preceding the Maturity Date, or, if applicable, preceding the date of redemption of any Notes, and an interest period is the period commencing on an Interest Payment Date and ending on the day preceding the next following Interest Payment Date: provided that the first interest period of the Floating Rate Period will commence on April 29, 2027 and will end on the day preceding the next following Interest Payment Date. Promptly upon determination, the Calculation Agent will inform the Trustee and the Company of the interest rate for the next interest period. Absent manifest error, the determination of the interest rate by the Calculation Agent shall be binding and conclusive on the holders of Notes, the Trustee and the Company.

For the purposes of calculating interest with respect to any interest period during the Floating Rate Period:

Daily Compounded CORRA for an Observation Period will be calculated as follows, with the resulting percentage rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards and (-) 0.000005% being rounded downwards:

Daily Compounded CORRA =
$$\left(\frac{CORRA\ Compounded\ Index_{end}}{CORRA\ Compounded\ Index_{start}} - 1\right) \times \left(\frac{365}{d}\right)$$

Where:

• "CORRA Compounded Index_{start}" is the CORRA Compounded Index value on the date that is two Bank of Canada Business Days preceding the first date of the relevant interest period, as published by the Bank of Canada, as the administrator of such rate (or any successor administrator of such rate), on the website of the Bank of Canada or any successor website;

- "CORRA Compounded Index_{end}" is the CORRA Compounded Index value on the date that is two Bank of Canada Business Days preceding the interest payment date relating to the relevant interest period, as published by the Bank of Canada, as the administrator of such rate (or any successor administrator of such rate), on the website of the Bank of Canada or any successor website; and
- "d" is the number of calendar days in the relevant Observation Period.

The following procedures will be followed if Daily Compounded CORRA cannot be determined as described above.

If, on or after April 29, 2027, (i) the CORRA Compounded Index_{start} or the CORRA Compounded Index_{end} is not published or displayed by the Reference Rate Administrator or an authorized distributor by 11:30 a.m. Toronto time (or an amended publication time, if any, as specified in the Reference Rate Administrator's methodology for calculating the CORRA Compounded Index) on the Interest Determination Date for such interest period, but an Index Cessation Effective Date with respect to the CORRA Compounded Index has not occurred, or (ii) an Index Cessation Effective Date with respect to the CORRA Compounded CORRA will be calculated by the calculation agent as follows, with the resulting percentage being rounded, if necessary, to the fifth decimal place, with 0.000005% being rounded upwards and (-) 0.000005% being rounded downwards:

Daily Compounded CORRA =
$$\left(\prod_{i=1}^{d_0} \left(1 + \frac{CORRA_i \times n_i}{365}\right) - 1\right) \times \frac{365}{d}$$

Where:

- "d₀" for any Observation Period is the number of Bank of Canada Business Days in the relevant Observation Period;
- "i" is a series of whole numbers from one to d₀, each representing the relevant Bank of Canada Business Day in chronological order from, and including, the first Bank of Canada Business Day in the relevant Observation Period;
- "CORRA_i" means, in respect of any Bank of Canada Business Day "i" in the relevant Observation Period, a reference rate equal to the daily CORRA rate for that day, as published or displayed by the Reference Rate Administrator or an authorized distributor at 11:00 a.m. Toronto time (or an amended publication time, if any, as specified in the Reference Rate Administrator's methodology for calculating CORRA) on the immediately following Bank of Canada Business Day, which is Bank of Canada Business Day "i" + 1;
- "n_i" means, for any Bank of Canada Business Day "i" in the relevant Observation Period, the number of calendar days from, and including, such Bank of Canada Business Day "i" to, but excluding, the following Bank of Canada Business Day, which is Bank of Canada Business Day "i" + 1; and
- "d" is the number of calendar days in the relevant Observation Period.

If neither the Reference Rate Administrator nor authorized distributors provide or publish CORRA and an Index Cessation Effective Date with respect to CORRA has not occurred, then, in respect of any day for which CORRA is required, references to CORRA will be deemed to be references to the last provided or published CORRA.

If an Index Cessation Effective Date occurs with respect to CORRA, the interest rate for an Interest Determination Date which occurs on or after such Index Cessation Effective Date will be the CAD Recommended Rate, to which the calculation agent will apply a spread and make such adjustments as determined by the Company (or its affiliate) to be necessary to account for any difference in the term structure or tenor of the CAD Recommended Rate in comparison to CORRA.

If there is a CAD Recommended Rate before the end of the first Bank of Canada Business Day following the Index Cessation Effective Date with respect to CORRA, but neither the Reference Rate Administrator nor authorized distributors provide or publish the CAD Recommended Rate and an Index Cessation Effective Date with respect to the CAD Recommended Rate has not occurred, then, in respect of any day for which the CAD Recommended Rate is required, references to the CAD Recommended Rate will be deemed to be references to the last provided or published CAD Recommended Rate.

If: (a) there is no CAD Recommended Rate before the end of the first Bank of Canada Business Day following the Index Cessation Effective Date with respect to CORRA; or (b) there is a CAD Recommended Rate and an Index Cessation Effective Date subsequently occurs with respect to the CAD Recommended Rate, the interest rate for an Interest Determination Date which occurs on or after such applicable Index Cessation Effective Date will be the BOC Target Rate, to which the calculation agent will apply a spread and make such adjustments as determined by the Company (or its affiliate) to be necessary to account for any difference in the term structure or tenor of the BOC Target Rate in comparison to CORRA.

In respect of any day for which the BOC Target Rate is required, references to the BOC Target Rate will be deemed to be references to the last provided or published BOC Target Rate as of the close of business in Toronto on that day.

In connection with the implementation of an Applicable Rate, the Company (or its affiliate) may make such adjustments to the Applicable Rate or the spread thereon, if any, as well as the business day convention, the calendar day count convention, interest determination dates, and related provisions and definitions (including observation dates for reference rates), in each case as are consistent with accepted market practice for the use of the Applicable Rate for debt obligations such as the notes in such circumstances.

Any determination, decision or election that may be made by the Company (or its affiliate) in relation to the Applicable Rate, including any determination with respect to an adjustment or the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection: (i) will be conclusive and binding, absent manifest error; (ii) will be made in the sole discretion of the Company (or such affiliate); and (iii) shall become effective without consent from the holders of the notes or any other party.

"Applicable Rate" means one of CORRA Compounded Index, CORRA, the CAD Recommended Rate or the BOC Target Rate, as applicable.

- "Bank of Canada Business Day" means a day that Schedule I banks under the Bank Act (Canada) are open for business in Toronto, Ontario, Canada, other than a Saturday or a Sunday or a public holiday in Toronto (or such revised regular publication calendar for an Applicable Rate as may be adopted by the Reference Rate Administrator from time to time).
- "BOC Target Rate" means the Bank of Canada's target for the overnight rate as set by the Bank of Canada and published on the Bank of Canada's website.
- "CAD Recommended Rate" means the rate (inclusive of any spreads or adjustments) recommended as the replacement for CORRA by a committee officially endorsed or convened by the Bank of Canada for the purpose of recommending a replacement for CORRA (which rate may be produced by the Bank of Canada or another administrator) and as provided by the administrator of that rate or, if that rate is not provided by the administrator thereof (or a successor administrator), published by an authorized distributor.
- "CORRA" means the Canadian Overnight Repo Rate Average, as published by the Bank of Canada, as the administrator of CORRA (or any successor Reference Rate Administrator), on the website of the Bank of Canada or any successor website.
- "CORRA Compounded Index" means the measure of the cumulative impact of CORRA compounding over time administered and published by the Bank of Canada (or any successor Reference Rate Administrator).
- "Index Cessation Effective Date" means, in respect of an Index Cessation Event, the first date on which the Applicable Rate is no longer provided. If the Applicable Rate ceases to be provided on the same day that it is required to determine the rate for an Interest Determination Date, but it was provided at the time at which it is to be observed (or, if no such time is specified, at the time at which it is ordinarily published), then the Index Cessation Effective Date will be the next day on which the rate would ordinarily have been published.

"Index Cessation Event" means:

(A) a public statement or publication of information by or on behalf of the Reference Rate Administrator or provider of the Applicable Rate announcing that it has ceased or will cease to provide the Applicable Rate permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor Reference Rate Administrator or provider of the Applicable Rate that will continue to provide the Applicable Rate; or (B) a public statement or publication of information by the regulatory supervisor for the Reference Rate Administrator or provider of the Applicable Rate, the Bank of Canada, an insolvency official with jurisdiction over the Reference Rate Administrator or provider of the Applicable Rate, a resolution authority with jurisdiction over the Reference Rate Administrator or provider of the Applicable Rate or a court or an entity with similar insolvency or resolution authority over the Reference Rate Administrator or provider of the Applicable Rate, which states that the Reference Rate Administrator or provider of the Applicable Rate permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor Reference Rate Administrator or provider of the Applicable Rate that will continue to provide the Applicable Rate.

"Interest Determination Date" means the date that is two Bank of Canada Business Days preceding each interest payment date, or, in the case of the final interest period, preceding the maturity date, or, if applicable, preceding the date of redemption of any notes.

"Reference Rate Administrator" means the Bank of Canada or any successor administrator for CORRA and/or the CORRA Compounded Index or the administrator (or its successor) of another Applicable Rate, as applicable.

Upon request from any Noteholder, the Calculation Agent will provide the interest rate in effect on this Note for the current interest period during the Floating Rate Period and, if it has been determined, the interest rate to be in effect for the next interest period during the Floating Rate Period.

If an event of default (as defined in the Indenture) with respect to Notes of this series shall occur and be continuing, the principal of the Notes of this series may be declared due and payable in the manner and with the effect provided in the Indenture.

Sections 12.02 and 12.03 of the Indenture containing provisions for defeasance apply to this Note. At any time the entire indebtedness of this Note may be defeased upon compliance by the Company with certain conditions set forth in Section 12.04 of the Indenture.

The Indenture contains provisions permitting the Company and the Trustee, without the consent of the holders of the Securities, to establish, among other things, the form and terms of any series of Securities issuable thereunder by one or more supplemental indentures, and, with the consent of the holders of a majority in aggregate principal amount of Securities at the time outstanding which are affected thereby, to modify the Indenture or any supplemental indenture or the rights of the holders of Securities of such series to be affected, provided that no such modification will (i) extend the fixed maturity of any Securities, reduce the rate or extend the time of payment of interest thereon, reduce the principal amount thereof or the premium, if any, thereon, reduce the amount of the principal of Original Issue Discount Securities payable on any date, change the currency in which Securities are payable, or impair the right to institute suit for the enforcement of any such payment on or after the maturity thereof, without the consent of the holder of each Security so affected, or (ii) reduce the aforesaid percentage of Securities of any series the consent of the holders of which is required for any such modification without the consent of the holders of all Securities of such series then outstanding, or (iii) modify the rights, duties or immunities of the Trustee unless the Trustee agrees to such modification.

No reference herein to the Indenture and no provision of this Note or of the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the principal of and interest on this Note at the times, place and rate, and in the coin or currency, herein prescribed.

This Note is a Global Security registered in the name of a nominee of the Depository. This Note is exchangeable for Notes registered in the name of a person other than the Depository or its nominee only in the limited circumstances hereinafter described. Unless and until it is exchanged in whole or in part for definitive Notes in certificated form, this Note may not be transferred except as a whole by the Depository to a nominee of the Depository or by a nominee of the Depository or another nominee of the Depository.

The Notes represented by this Global Security are exchangeable for definitive Notes in certificated form of like tenor as such Notes in denominations of C\$150,000 and whole multiples of C\$1,000 in excess thereof only if (i) the Depository notifies the Company that it is unwilling or unable to continue as Depository for the Notes and a successor depositary is not appointed by the Company within a reasonable period after receiving such notice or (ii) the Depository ceases to be a recognized clearing agency under the Securities Act (Ontario) or other applicable Canadian securities legislation and a successor depositary is not appointed by the Company within a reasonable period after becoming aware that the Depositary is no longer so recognized or (iii) if both Clearstream Banking, société anonyme and Euroclear Bank, S.A./N.V., or its successor, as operator of the Euroclear System, notify the Company that they are unwilling or unable to continue as a clearing system in connection with the Notes or (iv) the Company in its sole discretion decides to allow some or all of the Notes to be exchanged for definitive Notes in registered form. Any Notes that are exchangeable pursuant to the preceding sentence are exchangeable for certificated Notes issuable in authorized denominations and registered in such names as the Depository shall direct. As provided in the Indenture and subject to certain limitations therein set forth, the transfer of definitive Notes in certificated form is registrable in the register maintained by the Company in London for such purpose, upon surrender of the definitive Note for registration of transfer at the office or agency of the registrar, duly endorsed by, or accompanied by a written instrument of transfer in form satisfactory to the Company and the registrar duly executed by, the holder thereof or his attorney duly authorized in writing, and thereupon one or more new Notes of this series and of like tenor, of authorized denominations and for the same aggregate principal amount, will be issued to the designated transferee or transferees. Subject to the foregoing, this Note is not exchangeable, except for a Global Security or Global Securities of this issue of the same principal amount to be registered in the name of the Depository or its nominee.

No service charge shall be made for any such registration of transfer or exchange, but the Company may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

Prior to due presentment of this Note for registration of transfer, the Company, the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Note is registered as the owner hereof for all purposes, whether or not this Note be overdue, and neither the Company, the Trustee nor any such agent shall be affected by notice to the contrary.

The Company will pay additional amounts ("Additional Amounts") to the beneficial owner of any Note that is a non-United States person in order to ensure that every net payment on such Note will not be less, due to payment of U.S. withholding tax, than the amount then due and payable. For this purpose, a "net payment" on a Note means a payment by the Company or a paying agent, including payment of principal and interest, after deduction for any present or future tax, assessment or other governmental charge of the United States. These Additional Amounts will constitute additional interest on the Note.

The Company will not be required to pay Additional Amounts, however, in any of the circumstances described in items (1) through (13) below.

- (1) Additional Amounts will not be payable if a payment on a Note is reduced as a result of any tax, assessment or other governmental charge that is imposed or withheld solely by reason of the beneficial owner:
 - (a) having a relationship with the United States as a citizen, resident or otherwise;

- (b) having had such a relationship in the past; or
- (c) being considered as having had such a relationship.
- (2) Additional Amounts will not be payable if a payment on a Note is reduced as a result of any tax, assessment or other governmental charge that is imposed or withheld solely by reason of the beneficial owner:
 - (a) being treated as present in or engaged in a trade or business in the United States;
 - (b) being treated as having been present in or engaged in a trade or business in the United States in the past; or
 - (c) having or having had a permanent establishment in the United States.
- (3) Additional Amounts will not be payable if a payment on a Note is reduced as a result of any tax, assessment or other governmental charge that is imposed or withheld in whole or in part by reason of the beneficial owner being or having been any of the following (as such terms are defined in the Internal Revenue Code of 1986, as amended):
 - (a) personal holding company;
 - (b) foreign private foundation or other foreign tax-exempt organization;
 - (c) passive foreign investment company;
 - (d) controlled foreign corporation; or
 - (e) corporation which has accumulated earnings to avoid United States federal income tax.
- (4) Additional Amounts will not be payable if a payment on a Note is reduced as a result of any tax, assessment or other governmental charge that is imposed or withheld solely by reason of the beneficial owner owning or having owned, actually or constructively, 10 percent or more of the total combined voting power of all classes of stock of the Company entitled to vote or by reason of the beneficial owner being a bank that has invested in a Note as an extension of credit in the ordinary course of its trade or business.

For purposes of items (1) through (4) above, "beneficial owner" means a fiduciary, settlor, beneficiary, member or shareholder of the holder is an estate, trust, partnership, limited liability company, corporation or other entity, or a person holding a power over an estate or trust administered by a fiduciary holder.

- (5) Additional Amounts will not be payable to any beneficial owner of a Note that is a:
 - (a) fiduciary;
 - (b) partnership;
 - (c) limited liability company; or
 - (d) other fiscally transparent entity

or that is not the sole beneficial owner of the Note, or any portion of the Note. However, this exception to the obligation to pay Additional Amounts will only apply to the extent that a beneficiary or settlor in relation to the fiduciary, or a beneficial owner or member of the partnership, limited liability company or other fiscally transparent entity, would not have been entitled to the payment of an Additional Amount had the beneficiary, settlor, beneficial owner or member received directly its beneficial or distributive share of the payment.

- (6) Additional Amounts will not be payable if a payment on a Note is reduced as a result of any tax, assessment or other governmental charge that is imposed or withheld solely by reason of the failure of the beneficial owner or any other person to comply with applicable certification, identification, documentation or other information reporting requirements. This exception to the obligation to pay Additional Amounts will only apply if compliance with such reporting requirements is required by statute or regulation of the United States or by an applicable income tax treaty to which the United States is a party as a precondition to exemption from such tax, assessment or other governmental charge.
- (7) Additional Amounts will not be payable if a payment on a Note is reduced as a result of any tax, assessment or other governmental charge that is collected or imposed by any method other than by withholding from a payment on a Note by the Company or a paying agent.
- (8) Additional Amounts will not be payable if a payment on a Note is reduced as a result of any tax, assessment or other governmental charge that is imposed or withheld by reason of a change in law, regulation, or administrative or judicial interpretation that becomes effective more than 15 days after the payment becomes due or is duly provided for, whichever occurs later.
- (9) Additional Amounts will not be payable if a payment on a Note is reduced as a result of any tax, assessment or other governmental charge that is imposed or withheld by reason of the presentation by the beneficial owner of a Note for payment more than 30 days after the date on which such payment becomes due or is duly provided for, whichever occurs later.

(10) Additional Amounts will not be payable if a payment on a Note is reduced a	s a result of any:
(a) estate tax;	
(b) inheritance tax;	
(c) gift tax;	
(d) sales tax;	
(e) excise tax;	
(f) transfer tax;	
(g) wealth tax;	
(h) personal property tax; or	

(i) any similar tax, assessment, withholding, deduction or other governmental charge.

- (11) Additional Amounts will not be payable if a payment on a Note is reduced as a result of any tax, assessment, or other governmental charge required to be withheld by any paying agent from a payment of principal or interest on a Note if such payment can be made without such withholding by any other paying agent.
- (12) Additional Amounts will not be payable if a payment on a Note is reduced as a result of any withholding, deduction, tax, duty assessment or other governmental charge that would not have been imposed but for a failure by the holder or beneficial owner of a Note (or any financial institution through which the holder or beneficial owner holds the Note or through which payment on the Note is made) to take any action (including entering into an agreement with the Internal Revenue Service, or a governmental authority of another jurisdiction if the holder is entitled to the benefits of an intergovernmental agreement between that jurisdiction and the United States) or to comply with any

applicable certification, documentation, information or other reporting requirement or agreement concerning accounts maintained by the holder or beneficial owner (or any such financial institution), or concerning ownership of the holder or beneficial owner, or any substantially similar requirement or agreement.

(13) Additional Amounts will not be payable if a payment on a Note is reduced as a result of any combination of items (1) through (12) above.

Except as specifically provided herein, the Company will not be required to make any payment of any tax, assessment or other governmental charge imposed by any government or a political subdivision or taxing authority of such government.

As used in this Note, "United States person" means:

- (a) any individual who is a citizen or resident of the United States;
- (b) any corporation, partnership or other entity created or organized in or under the laws of the United States or any political subdivision thereof:
- (c) any estate if the income of such estate falls within the federal income tax jurisdiction of the United States regardless of the source of such income; and
- (d) any trust if (i) a United States court is able to exercise primary supervision over its administration and one or more United States persons have the authority to control all of the substantial decisions of the trust; or (ii) it has a valid election in effect under applicable United States Treasury regulations to be treated as a United States person.

Additionally, "non-United States person" means a person who is not a United States person, and "United States" means the states of the United States of America and the District of Columbia, but excluding its territories and its possessions.

Except as provided below, the Notes may not be redeemed prior to maturity.

- (1) The Company may, at its option, redeem the Notes if:
 - (a) the Company becomes or will become obligated to pay Additional Amounts as described above;
 - (b) the obligation to pay Additional Amounts arises as a result of any change in the laws, regulations or rulings of the United States, or an official position regarding the application or interpretation of such laws, regulations or rulings, which change is announced or becomes effective on or after April 22, 2024; and
 - (c) the Company determines, in its business judgment, that the obligation to pay such Additional Amounts cannot be avoided by the use of reasonable measures available to it, other than substituting the obligor under the Notes or taking any action that would entail a material cost to the Company.
- (2) The Company may also redeem the Notes, at its option, if:
 - (a) any act is taken by a taxing authority of the United States on or after April 22, 2024 whether or not such act is taken in relation to the Company or any subsidiary, that results in a substantial probability that the Company will or may be required to pay Additional Amounts as described above:

- (b) the Company determines, in its business judgment, that the obligation to pay such Additional Amounts cannot be avoided by the use of reasonable measures available to it, other than substituting the obligor under the Notes or taking any action that would entail a material cost to the Company; and
- (c) the Company receives an opinion of independent counsel to the effect that an act taken by a taxing authority of the United States results in a substantial probability that the Company will or may be required to pay the Additional Amounts described above, and delivers to the Trustee a certificate, signed by a duly authorized officer, stating that based on such opinion the Company is entitled to redeem the Notes pursuant to their terms.

Any redemption of the Notes as set forth in clauses (1) or (2) above shall be in whole, and not in part, and will be made at a redemption price equal to 100% of the principal amount of the Notes Outstanding plus accrued and unpaid interest thereon to the date of redemption.

- (3) The Company may also redeem the Notes, at its option, in whole at any time or in part from time to time, on or after October 29, 2024 (or, if additional notes are issued after April 29, 2024, beginning six months after the issue date of such additional notes) and prior to April 29, 2027, at a redemption price equal to the sum of (i) 100% of the principal amount of the Notes being redeemed, plus, in either case, accrued and unpaid interest thereon to, but excluding, the date of redemption; and (ii) the Canada Yield Price, with respect to such Notes.
- "Canada Yield Price" means a price per C\$1,000 principal amount of Notes, calculated by the Company (or its affiliate) at approximately 10:00 a.m. (Toronto time) on the third Business Day preceding the date fixed for redemption of Notes, which would provide a yield thereon from the date fixed for redemption to, but excluding, April 29, 2027 equal to the GOC Bond Yield (as defined below), compounded semi-annually in arrears, plus 0.265%.
- "GOC Bond Yield" on any date of determination means the arithmetic average of the interest rates quoted by two major Canadian registered investment dealers (that are not the selling agent) selected by the Company (or its affiliate) as being the bid side yield to maturity on such date, assuming semi-annual compounding, which a non-callable Government of Canada bond would carry, if issued in Canadian dollars in Canada, at 100% of its principal amount on the applicable redemption date with a maturity date of April 29, 2027.
 - (4) The Company may also redeem the Notes, at its option, in whole, but not in part, on April 29, 2027 at a redemption price equal to 100% of the principal amount of the Notes being redeemed plus accrued and unpaid interest thereon to, but excluding, the date of redemption.

Holders shall be given not less than 15 days' nor more than 60 days' prior notice by the Trustee of the date fixed for such redemption described in (1) and (2) above. Holders shall be given not less than 5 days' nor more than 30 days' prior notice by the Trustee of the date fixed for such redemption described in (3) and (4) above.

All terms used in this Note which are defined in the Indenture shall have the meanings assigned to them in the Indenture. The Notes are governed by the laws of the State of New York.
