(1) Credit derivatives are used to economically hedge a portion of the corporate loan portfolio that includes both accrual loans and loans at fair value. Gain/(loss) on loan hedges includes the mark-to-market on the credit derivatives partially offset by the mark-to-market on the loans in the portfolio that are at fair value. Hedges on accrual loans reflect the mark-to-market on credit derivatives used to economically hedge the corporate loan accrual portfolio. The fixed premium costs of these hedges are netted against the corporate lending revenues to reflect the cost of credit protection. Citigroup's results of operations excluding the impact of gain/(loss) on loan hedges are non-GAAP financial measures.

(2) Primarily relates to income tax credits related to affordable housing and alternative energy investments as well as tax exempt income from municipal bond investments.

(3) Excludes principal transactions revenues of ICG businesses other than Markets, primarily treasury and trade solutions and the private bank.

(4) 2Q19 includes a \$355 million gain on Citi's investment in Tradeweb.

The following footnotes relate to the tables on the prior page (page 23).

- (1) Allowance for credit losses represents management's estimate of probable losses inherent in the portfolio. Attribution of the allowance is made for analytical purposes only, and the entire allowance is available to absorb probable credit losses inherent in the portfolio.
- (2) Includes all adjustments to the allowance for credit losses, such as changes in the allowance from acquisitions, dispositions, securitizations, foreign currency translation (FX translation), purchase accounting adjustments, etc.
- (3) The third quarter of 2018 includes a reduction of approximately \$5 million related to the sale or transfers to HFS of various loan portfolios, including a reduction of \$2 million related to the transfers of a real estate loan portfolio to HFS. Additionally, the third quarter includes an increase of approximately \$62 million related to FX translation.
- (4) The fourth quarter of 2018 includes a reduction of approximately \$4 million related to the sale or transfers to HFS of various loan portfolios, including a reduction of \$3 million related to the transfers of a real estate loan portfolio to HFS. Additionally, the fourth quarter includes a decrease of approximately \$76 million related to FX translation.
- (5) The first quarter of 2019 includes an increase of approximately \$26 million related to FX translation.
- (6) The second quarter of 2019 includes an increase of approximately \$13 million related to FX translation.
- (7) The third quarter of 2019 includes a decrease of approximately \$65 million related to FX translation.
- (8) Represents additional credit reserves recorded as other liabilities on the Consolidated Balance Sheet.
- (9) September 30, 2018, December 31, 2018, March 31, 2019, June 30, 2019 and September 30, 2019 exclude \$4.2 billion, \$3.2 billion, \$3.9 billion, \$3.8 billion and \$3.8 billion, respectively, of loans which are carried at fair value.

- (1) Corporate loans are placed on non-accrual status based upon a review by Citigroup's risk officers. Corporate non-accrual loans may still be current on interest payments. With limited exceptions, the following practices are applied for Consumer loans: Consumer loans, excluding credit cards and mortgages, are placed on non-accrual status at 90 days past due, and are charged off at 120 days past due; residential mortgage loans are placed on non-accrual status at 90 days past due and written down to net realizable value at 180 days past due. Consistent with industry conventions, Citigroup generally accrues interest on credit card loans until such loans are charged off, which typically occurs at 180 days contractual delinquency. As such, the non-accrual loan disclosures do not include credit card loans.
- (2) Excludes Statement of Position (SOP) 03-3 purchased distressed loans.
- (3) Asia GCB includes balances for certain EMEA countries for all periods presented.
- (4) Represents the carrying value of all property acquired by foreclosure or other legal proceedings when Citigroup has taken possession of the collateral. Also includes former premises and property for use that is no longer contemplated.
- (5) There is no industry-wide definition of non-accrual assets. As such, analysis against the industry is not always comparable.
